Students Cybersecurity Ambassadors Program - Mayoos Private School, Abu Dhabi

Students Cybersecurity Ambassadors Program 2023' was delighted to welcome students from Mayoos Private School, Abu Dhabi.

A collaboration between Yallaschools and ESET Middle East, Global Leader in Cybersecurity 'Students Cybersecurity Ambassadors Program 2023' is a 'By Invitation' initiative exclusively for 10 schools across UAE for 2023 Academic Year. The Program is aimed to empower the participating students for a Secure Digital Experience.

ESET Middle East believes that cybersecurity starts with user awareness. That's why we are committed to empowering students with the knowledge and skills to stay safe online from a young age. To achieve this goal, we have launched our new **Yallaschools ESET ME Ambassadors Program** in the UAE. We are thrilled to share that our fourth session with Mayoos Private School, Abu Dhabi was a great success! The students aspiring to pursue a career in Computer Science were exceptional, their enthusiasm for cybersecurity and their eagerness to learn how to protect their data and assets from cyber-attacks was commendable.

Advay Mahesh Kirdat, Amogh Varote, Kevin Joseph, Parnika Kandhimalla, Aamena Fathima, Aditri Sandeep Master, Ayaan Shaikh, Aditya Srinivasa Rao, Ishaan Pandey, Gianna Jittu, participated in the program from **Mayoos Private School, Abu Dhabi**. Special thanks to **Ms Shahnuma Khan** for her leadership and support in helping the students towards a safer digital world.

We will be hosting sessions every week until the end of the school academic year, and we are excited to continue the program in the new academic year as well.

Our mission is to create a safer digital world for everyone! We are delighted that the collaboration of the activity with ESET Middle East will continue to next year and we would be welcoming more schools in UAE to be part of the Cybersecurity Ambassadors Program 2024
